WP-1829 LEO THE LION
SILHOUETTE PATTERN
by OTB Patterns.

Note: this project has several interior lines to give your finished piece character. Carefully start and stop your scroll saw blade following the lines as noted on the drawing.

1. Start with a piece of material about about $8\frac{1}{2}$ " X 11".
2. Drill 1/16" dia. hole near each line of all openings. Use the drill holes to insert your blade. When completed, trim all cuts with razor knife and sand with 150 grit sandpaper. Stain or paint as desired.
